

matics. Now, the kind where you just simply pull the trigger and it keeps on firing,- it was not that kind. You would have to pull the trigger to raise the hammer each time.

Q Have you ever fired an automatic?

A Never; never touched one. I was scared of them.

Q How do you know that they do that then, Will?

A Sir?

Q How do you know they work that way?

A I was told so.

Q Oh, I see.

BYMR. PFEIFFER:

Q Now, when you broke it--

A Yes, sir.

Q Or when they gave it to you--

A Yes, sir.

Q What did they say to you; do you remember?

A I think - I won't be sure;- they asked me if I recognized the revolver.

Q And did you tell them yes?

A I said yes.

Q Did they ask you if you ever fired it off?

A No, sir.

Q Now, after you broke it did you take the shells out?
